Memorandum of Understanding (MoU)

Indian Institute of Drone Technology (IIDT), Dodi
(Hereinafter referred to as "IIDT"), having its registered office at Dodi, Madhya Pradesh, India.

And

Bhabha University, Bhopal
Jatkhedi, NH 12, Narmadapuram Rd, Jatkhedi, Bhopal, Madhya Pradesh 462047

1. Purpose

The primary objective of this MoU is to establish a collaborative partnership between IIDT and Bhabha University to facilitate:

- **Industrial Visits**: Organizing exposure visits for students and faculty to IIDT's facilities, research labs, and operational sites to gain hands-on knowledge of drone technology and its applications.
- **Seminars and Webinars**: Conducting knowledge-sharing sessions, expert talks, and interactive discussions to keep students updated with the latest advancements in Unmanned Aerial Systems (UAS).
- **Drone Training Programs**: Providing structured training on drone operations, regulations, design, and research opportunities to students.
- **Research & Development (R&D) Collaboration**: Encouraging joint research initiatives in drone technology and facilitating innovation-driven projects.
- **Skill Development & Career Enhancement**: Offering guidance and support for career prospects in the drone industry through certification programs and industrial engagements.

2. Scope of Collaboration

2.1 Responsibilities of IIDT:

- Organizing industrial visits, hands-on workshops, and live demonstrations at its research and training centers.
- Delivering specialized training programs on drone technology, including aerodynamics, flight mechanics, payload integration, and regulatory compliance.
- Facilitating guest lectures, panel discussions, and certification courses for students.
- Assisting in research-based collaborations, providing technical expertise, and supporting innovative projects.
- Providing students with insights into the career landscape of the drone industry.

2.2 Responsibilities of Bhabha University :

- Encouraging students and faculty to participate in the training programs, seminars, and industrial visits organized by IIDT.

- Providing necessary infrastructure, such as seminar halls and technical support, for conducting awareness sessions and training.
- Assisting in disseminating information regarding drone technology advancements and opportunities among students.
- Promoting student participation in research collaborations and skill-building programs.

3. Confidentiality

Both parties agree to maintain strict confidentiality regarding any proprietary or sensitive information shared during the collaboration. This includes but is not limited to research findings, technological advancements, and training methodologies.

4. Duration & Termination

- This MoU shall remain valid for a period of **three (3) years** from the date of signing, with the possibility of renewal upon mutual agreement.
- Either party may terminate this MoU by providing a written notice of **90 days** to the other party.

5. Amendments

Any modifications or amendments to this MoU shall be made in writing and duly signed by authorized representatives of both parties.

6. Signatures

IN WITNESS WHEREOF, the parties hereto have executed this Memorandum of Understanding on the day and year first above written.
