ABOUT BHABHA UNIVERSITY

Bhabha University is committed for academic excellence. We provide our students variety of programmes. We are an educational organization where students will have several challenging opportunities which increases their knowledge. We demonstrated that it is possible to bench mark ourselves by providing best industry based education and giving practical knowledge to students. We wish all the students the best in life and the careers ahead.

VISION

Bhabha Canvas, local colours-that is what we are at Bhabha, simply believe in. It is the prism that refracts all our endeavours-whether it is our architecture, curriculum design, pedagogy, hostel life, laboratories, café or the library. In short, we simply celebrate the luminal space where the 'Bhabha' meets the 'local'. We are traditional, yet we are not. We are modern, yet we are not really so. We understand the hybrid nature of the Bhabha workplace and that is why, no One has to appreciate the negotiated nature of the contemporary. That is why we emphasize reflexivity, flexibility, diversity and accommodation as key values.

MISSION

At Bhabha University, we are committed to producing top-notch professionals who have a zeal for perpetual learning and are capable of performing well in diverse professional and cultural settings. While we provide the students with all the tools required to successfully take on the world, we also endeavour to instill in them a healthy cultural rootedness that combines the best of traditional values with modern and progressive sensibilities.

FROM THE DESK OF CHANCELLOR

Dr. SADHNA KAPOOR

It is a great credit to be a part of an educational organization that definitely trusts in preparing strong-minded students to be imminent elites. I have seen how Bhabha University has developed to its present state as a source of superiority education in several areas. We understand the consequences of learning and its related communication procedures, which suggest us to apply these techniques in our teaching environment. We have hired best teachers who are not only the great learners while they are capable to combine their knowledge with the real world scenario. It is an astonishing that we are achieving knowledge with skills with the market value and future strategies which would make our students to be able to complete internationally. I hope that working closely with our students, communities and industries, we are delighted to play not only a management part in inspiring India's creative and traditional life while also, in instrumental revolution and financial affluence which would certainly contribute to advancements in the nurturing the self-governing intellectual of our people. I warmly welcome all students and staff to think beyond the boundary by becoming a part of the Bhabha University.

FROM THE DESK OF VICE CHANCELLOR

Dr. Sunil Kumar Day

I take this opportunity of welcoming students coming from all parts of the world, joining the university in undergraduate, postgraduate as well as research programmes. Our University giving the opportunity to students to fully develop their own abilities with a sense of social responsibility, educating them to become full participants in democratic society and promoters of changes that will foster equity and justice. Our University creates human resources, develops appropriate technologies and conducts research in technology, Pharmacy, Management, Science, Arts and Humanities and Agriculture for urban & rural livelihood.

FROM THE DESK OF REGISTRAR

Dr. SHYAM PATKAR

I have been fortunate to associate with the University as a Registrar from the early days of its incubation. We have envisaged BHABHA University Bhopal to steadily grow into a sought after multi-disciplinary institute. The prime focus of the institute would be our 'students'. We will strive to make them capable, responsible citizens through best in class quality education and strong value systems. Throughout this challenging journey we look forward to the unconditional support of alumni, well-wishers, students, parents and our Management. This growth that we dream of can fructify only by way of taking a path less trodden, it will be unique in nature and form.

CREATING A NEW GENERATION OF ACHIEVERS

At the Bhabha University, we strongly believe in harnessing the power of knowledge by combining learning with extensive application-based study and professional ethics, thus maximizing one's overall potential and nurturing a winning mentality in each of our students. We believe in a radical approach towards education with in-depth study and international teaching methodology that encourage a practical application of knowledge along with a code of ethics, hence developing one's inner self and providing the perfect edge.
